

KHAOLAK MERLIN RESORT

Where the Rainforest Meets the Sea

Immerse yourself in a magical jungle at our eco resort. Khaolak Merlin Resort is set on the preserved tropical forest of Southern Thailand where you can discover ancient trees, 4 lagoon-like swimming pools, with direct access to 190 metres of Khao Lak Beach. We are committed to take care of the environment where we received Travelife Gold for our dedication to sustainability. We also have a partnership with Love Wildlife Foundation to protect the vulnerable slow loris population that live on the ancient trees within the resort.
